MOUNT HAWLEY COUNTRY CLUB • PEORIA, ILLINOIS

MARCH 1941

"Bradley Braves" Party
Saturday, February 15th
HOUSE COMMITTEE SPEAKS

Under the direction and supervision of President Fitton and the Board of Governors, Frank Hazen, Harry Newton, and John Olson have already started to function as members of the House Committee for the year 1941.

Many improvements for the coming year are under consideration, including the redecorating of the living room and vestibule; much-needed improvements to the ladies’ quarters as well as to the men’s grill room in the basement.

A new electric ice box has been purchased for meats and fish for the kitchen.

The Committee will welcome any constructive criticism and suggestions from the membership.

THE PRESIDENT’S OUTLOOK

As we look forward to 1941 activities, we realize that beautiful Mt. Hawley, as it now stands, was made possible by the planning, work and sacrifices of its early members. A few are left to enjoy it, but many have passed on and it is to those who pioneered Mt. Hawley, and to those who have been actively interested in its welfare, that I, as a more recent member, want to pay tribute.

It is a heritage that is ours to enjoy, and I am sure the present membership will carry on in the same conservative manner.

I wish to refer to the committee chairman and their members and express my appreciation of the active interest they are all taking in the club.

Mt. Hawley has always been known to be a family club, and it is my hope that members and their families will take advantage of the various activities that the committee chairmen are planning.

—B. C. Fitton.
“SIXTY MORE BY JUNE OR BEFORE”

Well, folks, it’s a pleasure—and a real one—to announce to you the 1941 membership committee.

Without any more fuss and bother, here they are, the fellows who are going out after 60 new members for our club: Quick Coddington, Tom Davis, Glen Franks, Len Fritz, Jay Keith, Lee Mullen, Harry Newton, Charlie Stokes, Al Anderson, Harold Inwood, Bill Mitchener, Royal Pearce, Jeff Hubbard, Henry Triebel, Ray Fuller, “Chief” Williams, Howard Steele, Howard W. Greene, Bruce Black and Walter Ropers.

Check those twenty names. It looks like a pretty good committee, don’t you think? I believe you’ll agree with me that they should bring in the new members. You can bet we’re all going to do our level best.

BUT—We need your help. Each and every one of you has a friend or acquaintance who should belong to Mt. Hawley. Invite him out to the club. Show him what we have—one of the best layouts in Illinois.

YOU sign him up, or if you would rather not, tell one of us about him. We’ll help you bring in your prospect if you want us to do so.

CALEY SAYS THERE’S SAFETY IN NUMBERS

At a dinner meeting, preceded by a cocktail hour Monday, Feb. 24, Charley Caley announced the membership plans for 1941 to his committee in the club dining room. Howard Steele, Jeff Hubbard, Bruce Black, Royal Pearce, Ray Fuller, Jay Keith, Bill Mitchener, Harold Inwood, Quick Coddington, Al Anderson, Charley Caley, Howard Green and Len Fritz were the committee members present. Glen Franks, Lee Mullen, Charlie Stokes, Chief Williams, Harry Newton and Walter Ropers could not attend.

Having been wined and dined the group was treated to some fine entertainment by Milton Budd and his group from WMBD and then serious work began. Each committee member has a goal of three memberships to attain and there is to be a concerted effort to change associate memberships into the regular senior group. Chief Williams is giving a Philco to the man who gets the most memberships and $30 worth of prizes shall be split among the also rans.

A new payment plan for regular memberships that allows the applicant to pay $38.75 and follow it up with four monthly payments of $25 makes it easier to join. There will be a Stag in April and a special party in May which shall be used to acquaint prospects with Mt. Hawley and you members. It looks like an ideal time to get behind a real membership drive, so report all prospects to a membership committee if you haven’t time to work yourself.

This large committee of 20 should set a new record—not only in its own size but in the number of members they secure. You can do your part by turning in your prospects to the committee.

MEETINGS
Feb. 24—Kick Off Meeting.
March 18—Pep Up Meeting.
April 7—Check Up Meeting.
May 5—Check Up Meeting.
June 9—Final Check Up Meeting.

Call these men for membership data:

CALLS TO COLORS

Dr. Fred C. Endres who was first of our members to join armed forces. Incidentally, Mt. Hawley automatically suspends all dues of any member called to army or navy service either by draft or voluntary enlistment.
FRITZ FIXING FUN FOR FORTY ONE

Hello Folks! The mug you see adjacent to this article will have something to do with your entertainment for the coming season, with the help of such master minds as Doc Steward, Jack Haase, Howard Steele, Charlie Caley and Harold Finnell.

Your committee was very pleased with the turnout for our first informal party on Feb. 15, when we entertained Robbie and the Bradley Braves basketball team ... and did Mrs. Swenson feed us! Boy, she's a honey.

When you read this you will already have made your reservation for the St. Patrick's Dinner Dance on Saturday, March 15th.

The April party will be Saturday night, April 12th, and we'll try to have something unique for you then.

For our May party, which will be on May 10th, this Committee will join with Charlie Caley's Membership Committee and entertain our new members, of which Charlie says there'll be "sixty" ... well, Charlie is the boy that can do it.

You'll be advised of further parties in another issue, and incidentally, you know it's no snap to entertain a couple of hundred people for a whole year, so let's have some suggestions.

Well, so long, we'll be seein' you Saturday night.

Bridge Every Wednesday

Mrs. Roy Defenbaugh, Ladies Entertainment Chairman, announces that there will be Ladies Bridge every Wednesday, starting April 30th, for all women members, and she earnestly seeks suggestions from the entire membership on any novel entertainment ideas.

Committee membership and more complete plans will be announced in the next issue.

CADDY COMMENTS

Your Caddy Committee has plans under way that we hope will serve to correct some difficulties we seem to have had in the caddy situation.

First of all, definite transportation facilities for Saturdays and Sundays. Second, some uniform piece of wearing apparel so Mt. Hawley boys will be more readily recognized and given rides by members. Third, some insignia on caddy determining his grade as a caddy. Fourth, a more closely supervised system of caddy training and promotion.

Lee Mullen, Chairman.

GOLF EARLY AND OFTEN
For Your Health’s Sake

It’s a little too early to predict when we may expect good golf weather. However, there is nothing like being prepared, so look over your golf paraphernalia to see that it is in readiness for the first good golf day.

Our golf course this winter has had plenty of moisture, and we understand there has been more fertilizer spread than ever before. The first nine and the seventeenth fairway have been thoroughly covered.

Your Grounds’ and Greens’ Chairman Charlie Verkler, made some improvements last Fall such as a new seventh tee. The shrubbery that was taken from around old number seven now borders the approaches to the third and fifteenth green. With the continued care that our golf course has been given by our able Grounds’ and Greens’ man under the direction of Charlie Verkler, we have every reason to believe that our course will be in the best shape ever. So no matter what you shoot, from the low seven-

MEN’S GOLF SCHEDULE . . . 1941

April 5th Sat.—Opening Golf Day, Prizes. Stag Dinner.
May 3 Sat.—Open.
4 Sun.—Peoria Autobody Trophy. 16 to qualify. 18 holes. Handicap.

19 Sat.—Caterpillar Trophy. Qualifying Round. 8 to qualify.
20 Sun.—Open.
26 Sat.—Caterpillar Trophy. Match Play. 1st Round.
27 Sun.—Open.
The Fairways Fair Sex
by Mrs. Lyle H. Gift

It is getting that time of the year once again when we Mt. Hawley women are becoming golfd-minded and house-cleaning conscious. I hope you will all have your unpleasant task of house-cleaning out of the way early; so, that when the season opens, you can play golf and enjoy it.

Your Committee hopes that we have a grand crowd of feminine golfers this year. To all of you who are new members, we extend a hearty welcome to play with us. Come out every Tuesday and take advantage of the games which we have planned.

We are not ready to publish our schedule of events at this time, but it is our earnest hope that you will all cooperate in making this a successful year. Your chairman needs a great deal of help from everyone.

Our opening luncheon will be April 22nd with cards the diversion for the afternoon. Then the following Tuesday we shall start our weekly events.

My able assistants, who really know what this game is all about, are Alice Wead, Esther Thornberry, Lou Fritz, and Edna Anderson. They have already given a great deal of their time and will certainly give a lot more.

Don't forget the opening date—let's all turn out and start the season off with a "bang."

MEN'S GOLF SCHEDULE, Continued

Aug. 2 Sat.—Caterpillar Trophy. 2nd Round.
3 Sun.—Two Ball Mixed Foursome 1:30 P.M.

Member Mt. Hawley Since 1924

It won't be long now ere the divots and cuss words will be filling the air around Mt. Hawley.

Charlie Verkler, better known as "Flannel Mouth," who did such a good job last year as Grounds' and Greens' Chairman, has been given a new contract for a year at the small increase in salary of about two billion. He has now returned from his customary swing in the big winter golf tournaments and says that he will soon have our golf course in fine shape. The course has been literally sprinkled with "Barbee" during the winter, which has made it a little unpleasant for the winter golfers but should improve our fairways for this summer.

Charlie had made some improvements, and has others in mind. Most of our golfers will be happy to find that he has enlarged the opening through the trees for their second or sixth shot to No. 10 green.

It has also been suggested that Charlie cut two holes in the seat and a crescent in each end of the shelter near No. 9 tee.

Art is back from spending the winter at his estate at New Port Richey, Florida and is preparing for a big season. Better see him at once and get those wrinkles ironed out of your swing.

What Men! Joe Wall, Clarence Anderson, Al Anderson, Frank Glatz, Pop Harris, Roy Eaton, John Hinnen and several others have been playing golf almost every weekend of this winter... so look out you sissies who hang up your clubs on Labor Day.

A group of the hot weather fraternity have been meeting in the grill every weekend for a nice quiet game of poker, etc., with the regular group of kibitzers, including Curly Fredericks and Art Leu. Gus (vac-cinated with a phonograph needle) Moreland has been out several times and has taken a few lessons in Ping Pong from some of the sharks. If you can get him to talk, ask Gus to tell you about the mail box he spent a week building for his mansion over in High Point, only to find, when he had it installed, that the door wouldn't open... some mechanic.

Jay Keith is a bear for punishment and deserves a big hand from our members for accepting the job of Publication Chairman for another year... this is a big job and everyone working with him should try

MUGS, JUGS and GOLF BUGS
PITCH AND RUN SHOTS, Continued

to make it a little easier by getting their copy in as early as possible.

We hear that Tom Davis and his 19th Hole have been signed up by one of the big Metropolitan Newspapers. Tom's column was always one of the highlights of our magazine, and we will all miss his snappy repartee.

Charley Caley started off his campaign for new members with a bang on February 24th, with a cocktail hour (or two), all on Caley, for his entire committee of twenty.

We aim to please. New service in Grill. Sympathetic listening about your golf game.

Just a few things a golfer should keep in mind as he steps up to the first tee: Feet not too close together or too far apart; get proper grip; don't reach; hold club firmly; don't hold club tight; slow backswing; club close to ground; left arm straight; right elbow in close to body; relax; don't overswing; shift weight to right foot; down slow; shift weight to left foot; wrists cocked; don't roll wrists; don't look up; don't sway body; give it the old oomph at the bottom of swing and don't forget to follow through . . . aw nuts, let's just go out there, swing and pray.
The Couples Bowling League is now on the home stretch with the Dickinson Team leading by a large margin, however the race for second place is quite close with the Lundberg Team at present holding that position. The Andersons, Hazens, and Haases follow in that order with the Wilton Team bringing up the rear. The Wilton Team has had a lot of tough luck, as they had a number of absences on several nights which, with the handicap system used, has practically eliminated them from the race, however, don't sell this team short as they have a number of very good bowlers evidenced by the fact that four of their ten members are in the High Ten Standings.

On February 2, a Sweepstakes was held at the Peoria Auto Parts Recreation and the entire sixteen alleys in the new section were used. A total of seventy-five members bowled and after the smoke had cleared away, we found that the Champions were as follows: Couple Champs, Mr. and Mrs. Gift. Lady Champ, Mrs. Dierking. Man Champ, Mr. Franks.

The winners and a recapitulation of the prize money are listed elsewhere in this article.

We now have a number of very much improved bowlers in our league and a team of five ladies and men could be picked who would give a good account of themselves in any league. The five ladies would average 710 pins and the five men 897 pins which is not bad.

One year ago Howard Steele was twenty-second in the standings and now he is eighth — this is the greatest improvement shown by any Mt. Hawley bowler. Good work Howard.

George Lundberg has been “hot” recently increasing his average to 173 from last year’s average of 149.

While we are on the subject of the Lundbergs, please notice that Mrs. Lundberg is now leading the Ladies with a 149 average which is doing all right. Some of the boys would like to carry an average like that.

This “Kolm” wishes to express its thanks to “Jeff” Hubbard for the fine pictures seen elsewhere in this publication. We have always said that Jeff would be one of the league’s best bowlers, as well as photographer, if he could only hit the ten pin, which is his $1.20 pin. Ask him about it sometime.

I understand that the ladies have the Champion of Wyoming in their league, and I do mean Marguerite.

The Bowling Season ends on Friday night April 11, 1941.

Ladies Bowling—
by Mrs. Ted Schlink

Again we are nearing the end of the bowling season, after four months of bowling. The Mt. Hawley Women Bowlers have enjoyed bowling together on Tuesday and just now there is much friendly rivalry among them with only four more weeks to roll. Winter vacations have depleted some teams very badly, but those who were left have been very good sports in taking their necessary losses.

Now for a few figures; as of February 25th Mrs. DeForest Weed and Mrs. Lyle Gift are tied with high individual game of 206 pins. Mrs. Ted Schlink has rolled high individual series of 537 pins. Mrs. Ralph Wilson's team holds honors for high team game of 806 pins and high team series of 2184 pins.

Team standings are:

Here's Dr. Milo T. Easton, 1941 Chairman of the Picnic Grounds Committee, with his little granddaughter, after a mid-February inspection of the scene of his Summer activities.

AGAIN HEADS IMPORTANT GROUNDS-GREENS COMMITTEE

Charlie Verkler did such an outstanding job in the maintenance and improvement of our course last season, that President Bert Fitton drafted him for a repeat performance this year. Should his good work continue...and we know it will...Charlie may go down in history as one of Mt. Hawley's few Third Termites.

Soft Water Helps Make Happy People

BEFORE

A Servisoft Unit was installed in the Home—

Mother had wrinkles on her forehead, from the drudgery of housework in using hard water that chapped hands and skin and that left rings on the bathtub and sink.

Dad started the day very cross because shaving with hard water was quite an ordeal.

AFTER

A Servisoft Unit was installed in the Basement—

NOW—with real soft water at all times, Mother finds her work is accomplished easier, quicker and better. Washing dishes, shampooing and laundry work is a pleasure. Dad starts the day in a good humor, as shaving with soft water is delightful—besides he likes the idea of saving 75% on the soap bill and saves on gas because soft water heats faster than hard.

You can have an abundance of Soft Water for as low as... $1.75 Per Month

FREE INSTALLATION

For a limited time we will put our Soft Water Unit in your home without any installation charge.

Sweeney SERVI SOFT

Sweeney Gasoline & Oil Co. Ph. 7191
As I write, I am making plans to return home after spending a fine winter here at the Hacienda Hotel in New Port Richey, Florida.

Florida has not enjoyed the business it had last season, but nevertheless, it has not been a poor one. For some reason the "peak" of the season has been later, due perhaps to the cold spell of last January, which some of my Peoria friends will never forget.

I have been playing more golf recently. Yesterday, Charlie Verkler and myself tried out the Pasadena links at St. Petersburg. Our green's chairman was putting in a few practice shots in preparation for the St. Pete Open, starting Wednesday of this week.

While at Pasadena, I ran into several of our friends who play in the Mt. Hawley Open. Johnny Bull came in from Thomasville, Georgia and was a little peevish, because the Canadian Government had bought the plane that was supposed to have been delivered to him here. Pat Wilcox, Mt. Hawley Open Champ, came in from Iowa, but said he was not playing well. He had made the tour with the boys through California and Texas. Vic Bass, the little stylist from Keokuk, Iowa, who always enters our fall tournament, went around with us and was hitting the ball well.

During the winter, I have enjoyed several games with Mt. Hawley members. I played the Dunedin course recently with Harry and Mrs. Ego and we had a fine time even if our game wasn't so good.

Also had a round with Walter and Mrs. Wesselholtz. We played the Clearwater Country Club course, which has watered fairways and is considered one of the best kept courses in Florida. Lucille was hitting her drives a mile and but for one hole, the 13th, would have had a fine score.

It was after our game at Clearwater that we heard of the sad passing of our good friend Elmer Biggs. We received the news as we were passing the Pro shop on our way to the car. All of us, who knew Elmer, are going to miss him for a long time.

Before closing I don't want to pass up telling you of the good time we had with the Fred Tuerks. We wish they could have spent more time on the river with us pulling in the big Channel Bass. Also had a few days golf and fishing with Ken Burgett. However, when Ken comes to New Port Richey, he wants to rest and does a good job of it.

Well, I'll say Bye, Bye folks and I'll be seeing you out at the club—some time soon, I hope. —Art.
